

# Global Roaming Rates

## THINGS TO KNOW BEFORE YOU LEAVE:

You must call Slingshot to activate Global Roaming before you leave New Zealand on **0800 89 6624** or **+64 9 929 1090**.

You may be required to provide credit card details as part of the activation process. Using Global Roaming on your phone now is even easier, once you land at your destination, turn on your phone and that's it!

Remember to use **+64** in front of the number when calling or texting to New Zealand (for example 027 555 5555 becomes +64 27 555 5555).

## IMPORTANT: BEFORE YOU LEAVE

1. Update the International Voicemail Roaming number to call in your contact list to **+649 280 0909**.
2. Remember to set up a voicemail PIN number. This is required when you call your voicemail from overseas
